LIST
OF
NON-GRADUATE STUDENTS,
CONNECTED WITH
AMHERST COLLEGE,

1822-1871.

NOTE—The college register commences with the class of 1829. Therefore the only record of the name, residence, and date of admission, of those connected with the earlier classes, is the annual catalogue. When known, the number of terms that a student continued with his class (including a part of a term) is given.

N. B. This list is sent to the class secretaries, and others supposed to be interested in the subject, in the hope that sufficient information can be gained to warrant the publication of a *Record of Non-Graduates*, in connection with the "*Biographical Record of the Alumni*," which will probably be ready early in 1879.

Information is especially desired in respect to the following particulars :

1. Place and date of birth.
2. Studies pursued since leaving Amherst, with date of graduation from another college or professional school.
3. The profession or other occupation chosen, with the date of entering upon it, and the place (or places) where practiced.
4. Date of marriage and number of children.
5. Title of any book or pamphlet written or edited.
6. Present post-office address.

Every one, who receives this list, is specially requested to send, as soon as practicable, whatever information he may be able to gain, respecting members of his own class or any others, to the

Editor,

W. L. MONTAGUE, AMHERST, MASS.
